

## Year 4 Term 4 Art Homework

### Due in by Friday 27<sup>th</sup> March

This term we are continuing to study the work of the American artist, Georgia O'Keeffe. She focused on painting bright, colourful and large images of flowers. In class, we will also be sketching and painting our own large flowers images, inspired by her style.

To complement this learning, your task is to research two artists who are also famous for creating pieces of art inspired by flowers, but who have contrasting (different) styles. For each artist, produce a fact-file and a piece of flower artwork which imitates their style. It can be in any medium: painting, drawing, papier-mâché, collage, carving, cross-stitch...

We look forward to seeing your research skills and your creative talents shine!
